"It was the best teaching I’ve ever experienced. I was so very impressed and really inspired.

Olivia, Development and Conflict

SOAS summer school put together all the ingredients for an unforgettable experience: meeting people from all over the world, from different backgrounds sharing the same passion; the perfect balance between lectures and discussion time and also the possibility to live a unique campus experience.

Enrico, Gender and Conflict

As someone who hopes to work in government one day, I believe this course and my classmates have also exposed me to various types of beliefs and backgrounds that will better inform my policy decisions in my career.

Alexander, The Middle East in Global Politics
