Tuition fees and living expenses (based on 24 credits per year – for U.S. Immigration Office)

- U.S. immigration regulations require international students to show financial support for tuition + 12 months of living expenses. SIUE estimates the total cost of attendance at $30,512.00 (or $26,133.00 for students with GEO scholarship).

- This amount will appear on all I-20 or DS-2019 immigration documents issued to any student pursuing a bachelor's degree at SIUE.

- Students will have to provide proof of financial support equal to the amount listed to receive the appropriate immigration documents to obtain a visa to study in the U.S.
Tuition fees and living expenses  
(30 credits: unofficial estimates for Turin students)

- The following estimates are intended to provide clear 
  expectations for UNITO students regarding the specific costs 
  associated with this particular program (these are estimates, and 
  actual costs may vary. These estimates will not appear on the 
  student's I-20 form).

- The estimated program cost is higher than the amount that will 
  appear on the I-20 because U.S. immigration rules require to 
  provide the same cost of attendance for all international students, 
  and SIUE does this based on the minimum number of credits an 
  international student must take to be considered a full time 
  student (12 credits per semester). In order to complete the 
  degree in only one year, however, the UniTo students will need to 
  complete 15 credits a semester.

**Estimated Tot. Cost per Academic Year**: 41.753 USD, 34.409 USD (UNITO Student Partner Rate), 28.114 USD (UNITO Student with GEO Scholarship (minimum 3.0 GPA)).
Notes

- The Geographic Enhancement Opportunity (GEO) Scholarship is offered to academically qualified international students entering SIUE with a 3.0 Grade Point Average on a 4.0 scale (equivalent to a 'B' grade average or better).

- The above estimates are based on the agreement with UNITO which allows qualified students to earn an SIUE degree after successfully completing 30 credit hours of upper level coursework in the School of Business.

- This can be accomplished by taking 15 credit hours each in the Fall and Spring semesters over a 9 month time period (late August - early May). If the student takes longer to complete the 30 credit hours of coursework required for the degree (e.g., 12 months), additional expenses may be incurred.
Required documents for SIUE application

- Academic transcripts, English language proficiency test scores (TOEFL, IELTS) and an original bank statement showing sufficient funds available.

If a UniTo student graduates in July, SIUE will admit the student based upon the ‘in-progress’ transcript.

The student will need to bring proof that the degree was awarded only on arrival to SIUE campus.
FAQ

• It is not a problem for SIUE to accept UniTo students who are completing their program in July 2019. SIUE will base their admission on the grades that they have achieved so far, and process their admission paperwork. Students will need to provide SIUE with proof of completion of the Italian program upon arrival (SIUE Fall classes begin in August).

• The students who graduate after July need to defer until the Spring semester, which starts in January. If they begin in Spring, it is likely that they will need to take courses over the following summer, so their living expenses may vary.

• The GEO Scholarship will be entirely based upon the cumulative GPA at UniTo. The grades at SIUE will not be factored into this. The tuition bill will already be discounted when the students receive it, so they do not have to anticipate the full amount.
Deadline for applications at UniTo International Office

Students declare their interest in the call by sending their list of exams with grades, CV, motivation letter, English certificate (if not enrolled in Business and Management) to:

dualdegrees.management@unito.it

by May 31st, 2019

UniTo International Office will select suitable candidates and assist them with the online application process to SIUE.
